

ANOTHER BANK HAS

Gone Into Liquidation Because of Failure of the Federal National.

First National of Allegheny the Victim. Directors After An All Night Session Reach the Conclusion That It Is Best to Close Bank's Doors.

Pittsburg, Oct. 22.—Following the suspension yesterday of the Federal National Bank, Pittsburg, the First National Bank of Allegheny failed to open its doors for business today and its directors have notified the controller of the currency that the institution has gone into voluntary liquidation and requested him to take the necessary action in such cases.

For some time the Allegheny bank has been connected by rumor with the Federal National Bank, but it was believed up to late yesterday that it would weather the storm, and meet the heavy run made on it, brought about by these reports.

The directors, however, at a meeting last night, decided that considering the best interests of all concerned, the action noted above should be taken.

The Pittsburg stock exchange opening this morning was quiet and trading light.

By a vote of the exchange it was decided that for the balance of the week to bank trust stocks will be dealt in. The suspension of the Allegheny bank, which has been the representative of the Federal National in the clearing house, is looked upon by members generally as an almost necessary sequence of the failure yesterday and they believe that no further trouble will follow.

All of the outside banks who have been doing their clearing through the Federal National and the First National of Allegheny, have made arrangements with other banks to care for their paper in the future.

At 9 o'clock this morning a small crowd of depositors numbering not more than 25 persons, gathered in front of the doors of the First National Bank of Allegheny. There appeared to be little excitement among the depositors though several were restless and wished to gain admission to the bank. The clerks of the bank were busy on their books the entire morning. Robert Lyons, deputy controller of the currency of Washington D. C. was in charge of the bank.

VICE PRESIDENT

Issues a Public Statement Setting Forth Cause of Failure.

Pittsburg, Pa., Oct. 22.—At 3.30 o'clock this morning, Vice President J. Stoney, Jr., of the First National Bank of Allegheny, issued the following statement after a meeting of the officers and directors with the clearing house commission of the Pittsburgh Clearing House Association, which lasted from 8 o'clock last evening until 3.30 o'clock this morning:

Allegheny, Pa., Oct. 21.—At a meeting of the Board of Directors of the First National Bank of Allegheny, held this evening, October 21, 1903, it was resolved that although the bank has ample assets to pay all of its depositors in full and leave a handsome surplus for the shareholders, yet its supposed connection with the Federal National bank, of Pittsburg, has created wide distrust and caused a run on this bank to such an extent that we feel it to be our duty to place the bank in involuntary liquidation, and the officers, of the bank and directors have decided to make application to the comptroller of the currency to take necessary steps to accomplish this purpose.

JOHN THOMPSON.

President. The First National bank of Allegheny was organized in January, 1901, and has a capital stock of \$350,000, a surplus of \$100,000 and undivided profits of \$34,871.80. They assaulted Miller with a black jack. Miller succumbed to the blows and Carpenter jumped from the train and is badly hurt. It is stated the men have confessed. The crime is regarded as one of the most extraordinary in the history of the railroad. It is supposed that the idea of the assailants was that Miller would be either killed or so badly injured that he would not recognize them, and that they would not be suspected. Apparently they were under the impression that Miller had a large sum of money or valuables. The express company and railroad officials will not say how much was available, but the men actually got nothing for their pains.

DOWIE IS IN CRISIS.

Many of His Followers Want to Give Up Reform Work.

Checks Given Him for Zion's Sake in Many Cases Prove Bogus. He Encourages His Cohorts Not to Kick Back and Talk About Kissing.

New York, Oct. 22.—Two hundred of the followers of John Alexander Dowie indicated that they were tired of the work of reforming New York City and wanted to return to Zion City, when the "general overseer" invited all who wanted to give up the work and give others a chance to take it up to step forward at the early meeting in Madison Square Garden today. Dowie at that meeting said he should endeavor to convert the people. He added, he had received many bogus checks since coming to New York, but that others had been good. "There is no need for followers to rush back to Zion," said he, "because of those suits by merchants of Chicago. They are against me personally and not against Zion."

Turning his attention to kissing, Dowie said, people should be careful of their kisses and use them carefully even in the family.

"Why may son Gladstone never kissed a woman outside the family?" William A. Brady, the theatrical manager, who with Lorenzo Winter, was arrested and charged with disorderly conduct in the crowd about Dowie's meeting in Madison Square Garden last night, was discharged in police court today.

Mr. Winter was paroled to give him an opportunity to bring witnesses to testify to the brutality and bad judgment of the police.

CANADA IS TALKING ANNEX.

Vancouver, B. C., Oct. 22.—Local feeling is bitter over the award of the Alaskan boundary commission. There is much talk of annexation, and of Canada becoming independent, business men being generally much

disatisfied, at what they pronounce British disregard of Canadian interests to please the United States. Many Englishmen residing here say that Canada will never achieve her greatest possibilities until she becomes a part of the United States.

ENEMY WAS IMAGINARY.

All Troops at Fort Riley Were on the Same Side of the Problem.

Fort Riley, Kans., Oct. 22.—All the troops at Fort Riley, were on the same side of the military problem today, and the enemy was wholly imaginary. It was assumed that a strong force was advancing to attack Fort Riley, and the entire command was marched out to take up a position covering the post. It was the idea of Col. Wagner, the senior umpire to govern instructions as to the proper method of deploying a detachment to repel an attack from any point. Some friction has developed between the members of the Texas regiment and the troopers of the ninth cavalry, who are colored men. Some of the Texan men have forbidden the troopers to pass through the camp on any pretext, and the soldiers who comprise one of the best cavalry regiments in the army, are displeased at the order. Numerous fist fights have happened and last night, a detachment of the troopers descended upon the camp of the Texas regiment and carried off one man, who, however, was released in a short time. Men of the Texas regiment have found it necessary to travel in squads whenever they visit the commissary store near their camp. This evening, Col. Wagner will deliver a lecture on "Strategy."

THIEVES ROBBED SANCTUARY.

LITTAUER SAVED BY LIMITATION.

Washington, Oct. 22.—The text of the opinion of Attorney General Knox in the Littauer case, was made public at the war department today. A considerable portion of the opinion is devoted to whether suit should be entered against Littauer for money paid for the gloves furnished, the point hanging upon the construction of the word "advanced" in the section of the revised statutes which authorized suit, "for the recovery of any such sum of money advanced."

The attorney general discussing the case in all its phases says he is of the opinion that no part of the consideration paid by the government is subject to a demand for repayment. Secretary Root asked the department of justice whether any further action is called for on the part of the government and upon this point the attorney general says:

"By any further action" just mean, I presume criminal action. There is no occasion, however, for me to determine whether the transaction called in question and which you say is the only one where there is any evidence of violation of law, presents sufficient ground for a criminal prosecution under section 3735 of the revised statutes, since the statutory period of limitation within which such a prosecution could be brought elapsed more than a year ago. "No useful purpose, therefore, would be observed by such determination. An affirmative opinion could not be followed by a vindication of the law; a negative one might be regarded as an affirmation of the validity and propriety of methods of dealing with the government in cases where, after all, the form of the transaction is not to be so much considered as its substance."

AFFAIRS ARE MIXED IN IRON.

Even a High Protective Tariff Fails to Keep Mills Running.

Production Will Be Cut Down to Forty Percent, and Thousands of Men Will Be Thrown Out of Employment.

New York, Oct. 22.—The condition of the iron trade shows no improvement says the Iron Age. Old orders are being worked off, and the gap is only partially filled by incoming new work. Affairs are mixed in pig iron, the basis of the whole industry. The manufacturers of the central west are now discussing the question of restricting the production further to about forty per cent. The eastern producers have not formally voted the restriction proposed by them, although the leading interests have signed. A number of stacks have ceased operations, irrespective of future obligations. Reports are current that there is a chance with low freights on cotton laden ships, that some pig iron from the Birmingham district may be marketed in Europe. But even under the most favorable circumstances this can only be done at a sacrifice, which a single interest might not be willing to face. On its merits, an export movement in foundry pig iron is impossible under prevailing prices on both sides of the Atlantic. The trade is waiting for developments in the railroad industry with a good deal of interest, since it is understood some of the railroads are conferring concerning the future of prices. It is understood, percentages for 1931 have not yet been adjusted among the mills, and it is interesting to note that an eastern mill has taken two orders aggregating about 22,000 tons in the Chicago territory. The structural mills are getting a fair run of orders and are comfortably off, but the plate mills have been, generally speaking, short of work for some time past, and a heavy percentage of the capacity is idle. The bar trade is in poor shape and concessions on iron bars are being made east and west. A comparison of values here and in central markets will show that considerable sacrifices are involved in any attempt to dispose of any considerable tonnage abroad, and little is being done to push the export demand.

BAND OF LADRONES SURPRISED THE TOWN.

Manila, Oct. 22.—The news has just been received here that a band of ladrones surprised the town of Iuga in the province of Ambo, Camarines, Luzon, and killed the wife and uncle of the president, and three volunteers. Before retiring, they captured nine guns. Oufre, the leader of the ladrones, was killed. The president says that he was betrayed by the municipal secretary.

LARGE SUMS ARE REPORTED

Paid to Those Who Assassinated the King and Queen of Serbia.

Vienna, Oct. 22.—A story is published here to the effect that the Serbian army officers who assassinated King Alexander and Queen Draga received payment as follows: The queen's brother-in-law, Colonel Machen, now commander of the Belgrade and Danube divisions of the army, \$6,000; Colonel Mischutich, recently departmental chief of the ministry of war, and two others, \$4,800; junior officers from \$1,000 to \$4,000; Avakumovich, for undertaking the leadership of the provisional government, \$10,000. There is no confirmation of the story.

CHASE AGAIN IN THE TOILS.

Ohio and Indiana Interests Still Contesting for the Young Man's Millions.

Chicago, Oct. 22.—The legal battle between the aunt and the father of Moses Fowler Chase for the custody of the young man and his property, which has attracted wide-spread attention in the past few years while being waged in the courts of Ohio and Indiana, was resumed in the United States circuit of appeals here today. The case has attracted unusual attention because of the fact that young Chase has in the neighborhood of \$1,000,000 worth of property, which his relatives have been striving to secure. At the present George Hoadley, Jr., is the legal guardian of the young man in Cincinnati, while the father of young Chase, Frederick S. Chase, of Lafayette, Ind., has a similar authority under appointment from the Indiana courts and young Chase is now in the custody of his father. Judge Anderson of the federal court of Indiana refused to grant a petition for a habeas corpus writ for the release of Chase from his father's keeping, and it was this order that Mr. Hoadley appealed. We furnish homes complete on easy payments. J. W. Rowland's.

WERE FORCED TO PURCHASE

In Open Market and Could Not Pay the Usual Dividends.

New York, Oct. 22.—The stock holders of the Crucible Steel company of America held their annual meeting in Jersey City yesterday. The election of directors resulted in the continuance of the members of the old board with the exceptions of Benjamin Atha, who was succeeded by Wm. G. Park. The report of the board of directors for the year ending August 31, showed net earnings of \$1,522,550. The report says that small net earnings were due, in a large extent, to the fact that the management, which was confident that the construction of the Clairton works would be completed in season to supply them with railway material, but they were forced to purchase in the open market at the high prices prevailing the first six months of the year. This condition of affairs adds the report, will not exist during the coming year, as the Clairton steel plant is now in full working order.

Chamberlain's Cough Remedy.

No one who is acquainted with its good qualities can be surprised at the great popularity of Chamberlain's Cough Remedy. It not only cures colds and grip effectually and permanently, but prevents these diseases from resulting in pneumonia. It is also a certain cure for croup. Whooping cough is not dangerous when this remedy is given. It contains no opium or other harmful substance, and may be given as confidently to a baby as to an adult. It is also pleasant to take. When all of these facts are taken into consideration, it is not surprising that people in foreign lands, as well as at home, esteem this remedy very highly and very few are willing to take any other after having once used it. For sale by all druggists.

SHOT

Last Night at a
Belling

By Unknown

Was Harold Churchill
of Linden Street.

A Fierce Runaway on Kib-
by Street Early This
Morning.

Finger Amputated - Breakdown De-
lays Traffic - Tramp Taken in -
Items of Interest to South
Side Folks - Personal.

Last night a crowd of youngsters
gathered at the Dr. Parent home, on
east Elm street for the purpose of
belling" Mr. and Mrs. Ora Cavins,
who were married yesterday, and
among other disorderly actions was
the promiscuous firing of a revolver.
The eight-year-old son, Harold, of Mr.
H. Churchill, of east Linden street,
was carried into the house, and
the doctor found that a bullet had
entered the calf of the lad's right leg,
which he removed, making a scar
about four inches long. It is not yet
known who did the shooting.
Dr. Parent says the "bellers" bat-
tered his porch and otherwise de-
stroyed property about his premises

that will cost \$10 or \$15 to repair.
Neighbors complained of the boist-
erous conduct and language of the
"mob," and arrests may follow.

Wicked Runaway.

This morning about 8 o'clock a
team hitched to a light buggy, driven
by Geru Howell, a farmer from near
Waynesfield, became frightened at an
engine near the Kibby street rail-
road crossing, and made a wicked run
west to near Greenlawn avenue,
where they came in contact with a
tree, suddenly ending the journey of
one of the animals; but one had
broken its harness and kept on going.
It was later found near the C. & E.
railroad on Greenlawn avenue. Mr.
Howell stayed with the rig until it
struck the tree, the jolt of which
threw him out on his head, but he
was not much hurt, as he arose, threw
off his coat and started after the
horse which had broken loose. John
Kennedy was mixed up in the game,
relieving the team by pulling the
broken buggy to the blacksmith shop.
Damage was slight, however. Mr.
Howell is to be complimented for his
pluck, and presence of mind in guid-
ing the team out of the way of pedes-
trians, or the results might have been
more serious.

Finger Amputated.

Yesterday afternoon, just after din-
ner, Fred Vogel, of south Main street,
had the misfortune of losing the first
finger of his right hand, by coming in
contact with a sharp edged machine
which he was operating at the Lake
Erie & Western shop. Fred did not
realize what was up, until he noticed
blood pouring from the hand.

Slightly Improved.

Mr. Smith, who fell in an uncon-
scious condition on south Main street,
in front of Kraft's shoe store Tues-
day, is slightly improved, but still un-
able to get around. He lives with his
son-in-law, Kelsey Cleveland, on
Greenlawn avenue.

A "Dangerous" Tramp.

This morning a dirty, ragged,
drunken tramp created a little un-
ease on south Main near Kibby
street, by threatening to trim livers,
hearts, etc., of people he chanced to
meet. He furnished a nasty looking
pair of scissors as a weapon. Officer

Jackson proved Johnnie-on-the-spot,
and led the fellow to the station—
but the bath tub has not yet been
established.

Traffic Delayed.

Yesterday afternoon street car traf-
fic was delayed on south Main by the
breaking down of a wagon loaded
with a boiler from the Golley & Fin-
ley shop. Transfers were in order
for about three-quarters of an hour.

THE STAGE.

There is no country on earth that
affords the same field for pastoral
plays as New England, where the
very atmosphere is charged with Yan-
kee notions, character and humor.
Little wonder therefore that so many
plays have been written around this
quaint and distinctly original people,
and while the stage has received many
contributions from this fertile field,
there has been nothing so far for in-
tensity of purpose, realism in action
or fidelity to locale that can equal
Denman Thompson and George W.
Ryer's "Our New Minister," the latest
product of "The Old Homestead," au-
thors, which will be presented at the
Faurot opera house tonight. The
company that will be seen is the orig-
inal one, made up of the cream of the
theatrical profession, and comprises
such famous players as Ernest Has-
tings, Charles Stedman, Joseph Con-
yers, John Barker, Fred Mowar, John
J. Farley, Louis Pierce, Grant Fore-
man, W. C. Tanner, Grace Hanson,
Clara Rainford and Phila May.

Lockjaw, or tetanus, is caused by a
bacillus or germ which exists plenti-
fully in street dirt. It is inactive so
long as exposed to the air, but when
carried beneath the skin, as in the
wounds caused by percussion caps or
by rusty nails, and when the air is ex-
cluded the germ is roused to activity
and produces the most virulent poison
known. These germs may be destroyed
and all danger of lockjaw avoided
by applying Chamberlain's Pain Balm
freely as soon as the injury is re-
ceived. Pain Balm is an antiseptic
and causes cuts, bruises and like
injuries to heal without maturation and
in one-third the time required by the
usual treatment. It is for sale by all
druggists.

Almost Resigned.
 "Even you might meet with finan-
 cial reverses."
 "Well," answered Mr. Cumros,
 "there's a silver lining to every cloud.
 If I did, I would not go to fashionable
 resorts with mother and the girls. I
 could send them away and go to my
 office and have a good time making
 money again."

There was once a Boston woman,

longing to a Browning club, fell ill,
and finally died. When she had been

called her up through a spiritualist.
"Well, my dear," inquired her hus-

With all kindness we trust. For
all the kindness and at least temporary
withdrawal from the campaign is not
due to the fact that he has been com-
pelled to draw from his tour of the
state that Hanna's plan of de-
fense. If he failed of election, it
would prevent Hanna from making any
appointments in Ohio, and that
thought alone is enough to make him
want a doctor.

Edgar Dowle has met his match
in Chicago's mayor, Chicago's police
force, and Chicago courts were un-
able to call a halt. It was left to
women and their women to make him
quit and that woman was Carrie Na-
non. She did it by going to a Madison
Square meeting, and getting him into
a "talk fest," with the prophet which
broke up the meeting. All of which
proves again the old saw about wo-
man's tongue, and its power.

The populace of Pittsburg, the city
above all others in this country, which
has multiplied millions through a
protective tariff, and whose daily re-
cord now is a bank failure with the
common people as sufferers, must
have a wonderfully high opinion of
these wonderful times of prosperity
for which the republican party—alias
Mark Hanna—is responsible. Of
course, if he is re-elected, things will
be different, because he will have the
ship subsidy bill passed, and all ex-
slaves pensioned, measures that
will bring paramount prosperity to
both the ship trust, and the ex-slaves.

"STAND PAT."

The following is from some ex-
change published somewhere.
It having come to the ears of the
king that a peasant had been guilty
of putting stones in his sacks of corn
he sent for the cheat that he might
investigate the case in person.

It is true, O ruler, replied the
peasant, "but my taxes are so high
that I am forced to do it. Besides,
does not the corn merchant give short
weight when selling again?"

"The king thereupon sent for the
corn merchant and asked him how
it was and he replied:
"My weights may be short
in selling again, but does not the mil-
ler cheat his customers to make up
for it, and more, too?"

"The miller was se-
ated in the pres-
ence of the ruler he
explained:
"I believe I
take a little too much
toll now and then, but does not your
steward, when buying of me, return a
false price to his own profit?"

"The steward got the message to
hurry around, and when told that it
was up to him, he said:
"I cannot deny that I have raised
prices, but does not your treasurer
robble up 10 per cent as his commis-
sion?"

It was now the treasurer's turn to
deal and without undue perturbation
he observed:

"The steward speaketh truly O
king, but does not your chief minister
require me to hawk up with him? If
I make \$20 now and then at least half
of it goes into the hind pocket of the
gentleman who will presently have
the floor."

"The C. M. was sent for and he
came up smiling and explained:
"It is even so, august sire but I
have to turn it all over to you to
keep you in funds."

"Then it seems that the whole steal-
ing business gradually ascends from
the peasant to me," queried the king.
"It looks that way, O ruler."

"Yes? I see. And where would you
suggest that reform begin?"

"There need be no reform, your
Majesty. As we are stealing from
each other, no one is the loser."
Moral: Let well enough alone.

WENT REPUBLICAN.

The Columbus Press, a newspaper
which keeps close tab on the politi-
cal situation throughout the country,
has tabulated results for this week,
of which the following is a summary.

The Carnegie steel plant, at Youngs-
town, "went republican" by closing
down indefinitely. Where's Secretary
Shaw and his "elastic currency"?

The strike of the Minnesota millers
went "republican" by the defeat of
the millers. Shaw didn't go to their
rescue with any "elastic currency."

The cashier of the state bank of
Minnesota, at St. Paul "went republi-
can" with a shortage of \$30,000. Sec-
retary Shaw should have helped him
with some "elastic currency."

The cashier of the Princeton state
bank, at Princeton, Wis. "went republi-
can" to the tune of \$69,000 shortage.
Secretary Shaw should have helped
him with some "elastic currency."

Two trust companies at Baltimore,
"went republican," Monday, with li-
abilities "in excess" of \$10,000,000. Sec-
retary Shaw should have helped them
with some "elastic currency."

The tin mill of the steel trust at
Cambridge, O. "went republican" by
closing indefinitely. Secretary Shaw
had just left the state after cam-
paigning a week for Senator Hanna
and "elastic currency."

Employees of the steel trusts plant
at Reading, Pa. have been notified of
a "Republican" reduction of wages
averaging from 10 to 15 cents per day.
Secretary Shaw will not make up the
difference with "elastic currency."

Striking members of the Brother-
hood of Railway Expressmen in Ar-
kansas have been stopped by a "re-
publican" injunction from interfer-
ing with the new men. Secretary
Shaw has no "elastic currency" for
them, either.

It is estimated in Chicago labor cir-
cles that prosperity will "go republi-
can" by forcing at least 1,000,000 men

into idleness before January 1. Why
doesn't Secretary Shaw rush to the
relief of the workmen with "elastic
currency?"

Between 1,000 and 5,000 of the 14,
000 shareholders of the New York
Building Loan Banking Co., which has
just "gone republican" by the insol-
vency route tried to get into the of-
fices of the bankrupt concern Monday.
Secretary Shaw was in Kentucky at
the time making campaign speeches
for "elastic currency."

RECEIVERSHIP REFUSED.

Butte, Mont., Oct. 22—Judge Clancy
in the district court today refused the
receivership petition of John McGinnis,
a stockholder in the Boston and
Montana Mining Company and grant-
ed an injunction restraining the Bos-
ton and Montana from transferring
its stock to the Amalgamated Copper
Company and paying dividends to that
concern. The receivership petition is
not denied permanently. The decision
of Judge Clancy is so worded that
if circumstances demand he may grant
the receiver later.

COUNSEL FOR GOVERNMENT

Had a Long Conference With the
President Concerning
P. O. Cases.

Washington, Oct. 22.—Attorney-
General Knox, accompanied by Chas. J.
Bonaparte and Holmes Conrad, who
have been retained as a special gov-
ernment counsel in the prosecution of
those persons indicted for criminal
irregularities in the postoffice depart-
ment, had a long conference with
President Roosevelt this afternoon.
The parties to the conference at its
conclusion were reticent, but it is
known that the matters under discus-
sion related particularly to phases of
the postoffice investigation which
have not been developed thoroughly
in any reports yet reported to the
president or postoffice department.
The report can be said to deal with
things rather than with persons.

ADVOCATED DEVELOPMENT

Of Episcopal Church as of America,
and Not Church of
England.

Washington, Oct. 22.—At the morn-
ing session of the American confer-
ence of eight bishops, Rev. Thomas
Frank Gailor, the bishop of Tennes-
see, advocated the development of the
Episcopal church in the United States
along national lines, with a view to
the creation of a distinctively Ameri-
can church. Bishop Gailor took the
ground that the United States did not
need the church of England but the
church of America. He was opposed
to the Episcopal church being called
a branch of the church of England
and also to the introduction of English
forms and customs into the American
church.

Bishop Gailor is in favor of a change
of name from the present one to a
more appropriate title.

New York, Oct. 22.—What officials
of the custom house declare the

Capt. Gelat was a passenger on the

Minneapolis, Minn., Oct. 22.—The
Minneapolis Cold Storage Company has
filed a petition in bankruptcy and
John Kunz has been appointed re-

The company will probably be re-

INTERESTING TESTIMONY

Is Given by Lewis Nixon Concerning
Methods of the Trust.

New York, Oct. 22.—Lewis Nixon
resumed his testimony today before
Examiner Oliphant in the U. S. Ship-
building Company inquiry, being first
asked about his inability to obtain a
meeting of the directors in June last
because of the alleged interference of
Charles M. Schwab. He said he
called the last meeting with the idea
of resigning because he saw that a re-
organization of the company was nec-
essary. It was his plan to withdraw
and return to the company the stock
given him in consideration for his
agreement to refrain from engaging in
competitive business. A copy of his
letter to the directors was produced
in evidence. In it he wrote that he
was not in accord with the policy of
the organization, only Mr. Pam the
witness testified, gave him any infor-
mation about what was being done.
The witness said it was well known
that the company would need some
financial assistance and he had as
early as April, appealed to the direc-
tors to take measures to safeguard
the finances of the company. The
witness did not recall that his fellow

directors said anything in answer to
his remonstrance except to approve
the Bethlehem expenditure of \$2,802-
000. The constituent companies were
asked for assistance and the com-
pany met their requisitions whenever
possible. Various efforts were
made to raise money and some of the
treasury bonds were used for collateral
security, but the embarrassment of
the Trust Company of the Republic pre-
vented their full use. The price was
reduced and the witness had protested
that he would never consent to their
sale at 70 when people had paid 90
for them. The witness testified that
he knew the Shipbuilding Company
could not be carried on when he learned
that no money could be obtained
from Bethlehem. Mr. Schwab finally
told him he would advance more
money if the Bethlehem bonds were
placed ahead of the first mortgage
bonds and because a first lien upon
the shipbuilding property.

CARBOLIC ACID
THE POISON

**With Which Robert E. Potter Ended
His Mortal Existence.**

**Deserted Wife and Child and Then Killed Him-
self Over Infatuation for an Inmate of
an Improper Resort.**

"When you read this, I will be in everlasting rest. God bless my wife and baby. Do what you please with my body. I don't care. Tell my sister to pray for me."

Such was the note left for Mrs. Alva Busie, proprietress of the Aldine hotel on south Main street by Robert E. Potter, one of her boarders who swallowed two ounces of carbolic acid after writing the tragic missive.

When Mrs. Busie saw the note at the door of Potter's room at 5:15 o'clock last evening, she supposed it was a note for him and opened his door to throw it into the room and was startled to see Potter lying on the bed, and suffering a violent convulsion. She thought he was a victim of epilepsy, but some of the boarders who were hastily summoned found that the man was suffering from the deadly work of carbolic acid. Two physicians were summoned, but the patient was beyond reach of human aid and death relieved his sufferings at about 6 o'clock.

The case was purely one of delir-

ate suicide and the events that led up to it are deplorable. Potter was about 26 years of age and his parents are residents of Toledo. He is alleged to have deserted a wife and babe in Findlay to follow a woman with whom he was infatuated, and who is now an inmate of the resort known as the Green house. The woman sails under the name of Myrtle Potter, and claims that the man had followed her to a number of cities.

Yesterday afternoon, Potter visited the Green house and tried to persuade the woman to leave the resort. She states that she refused to do this, and scolded him severely for the affection he professed for her. Before leaving the resort, Potter threatened to commit suicide and he immediately proceeded to carry out the threat.

The remains were removed to Ben's morgue, and the deceased's father, who was notified is expected to arrive here to take charge of the body this evening.

Potter came to this city ten days ago and secured employment at the L. F. & W. shops.

**BIG MORTGAGE
IS RECORDED**

**By Columbia Oil and Gas Co., in Black-
ford County, Indiana.**

A mortgage was filed yesterday with Recorder Fleming of Blackford county, Indiana amounting to \$1,000,000. It was a first mortgage given by the Columbia Oil & Gas Co. a corporation doing business in that state to the Colonial Trust Co. of Pittsburgh.

This is one of the largest mortgages ever filed in Blackford county. The amount of the mortgage is to draw 6 per cent interest which would amount to \$90,000 annually.

The Columbia Oil & Gas Co. is the new corporation which purchased the

gas and oil department of the American Window Glass Co. also bought other systems and plants at other places. The plants and system of the new company are situated in Blackford, Delaware, Madison, Grant, Jay, and Hancock counties in this state.

The Columbia Oil & Gas Co. entered the Indiana oil and gas field with a \$2,000,000 purchase and since that time has added other property to its holdings. By some of the oil men it is the thought to be a part of the Pure Oil Co. which it is said will establish an oil refinery at some point in Indiana.

ADVICES INDICATE

Collapse of Rebellion in Macedonia, and Surrender of Many Insurgents.

Revolutionary Committee Has No Intention of Resorting to Dynamite This Winter, But It Declares That Power's Must Establish Government Before Spring.

Salonica, Macedonia, Oct. 22.—Recent advices from Monastir, say that a considerable number of insurgents have surrendered in response to the Sultan's last call. The first of those who surrendered were beaten and imprisoned, but under stringent orders from the Yildiz Palace, all the men who are now coming in, are well received, and have been paroled. This however does not indicate the collapse of the rebellion, but is in compliance with the revolutionary committee's decision to thin out the insurgent bands during the winter, and retain under arms only an aggregate of about 3,500 men. The insurgents who are coming in, are men of inferior physique who could not stand a winter campaign. They leave their rifles with the leaders, who secret them in the mountains in readiness for operations in the spring. Not one of the leaders has surrendered.

The revolutionary committee has no intention of resorting to the use of dynamite bombs in the towns this winter, but it declares that if the powers do not succeed in causing the establishment of a form of government by spring, the available men will be called out and every desperate method for gaining the ends of the revolutionists will be resorted to.

The Turks report that both Chakaloff and Saraffoff, the insurgent leaders, were killed recently in the village of Boof, in the Florina district. The Bulgarians assert that Saraffoff is on his way to Bulgaria.

The Rev. Henry Haskell, the American missionary, has arrived at Monastir, to help in the relief work inaugurated by the Rev. Mr. Bond

St. Petersburg, Oct. 22.—A request of the Associated Press today for a statement from the foreign office indicating Russia's position in connection with the far eastern question elicited only the significant return of a less reassuring dispatch from Tokyo. The newspapers here say the Russian squadrons consists of fifty four war ships including six battleships, eight first class and five second class cruisers, seven sea going gunboats, two

A MILLION FOR A STOMACH.

Forty seven residents of Jersey City have formed an Anti-Dyspeptic club, the chief object of which is to inculcate and foster the habit of eating only home-made and substantial food. How foolish how short sighted. What we need is not plain food but better stomachs not simpler fare but stronger gastric juices.

What we need is not an Anti-Dyspeptic club but a society for the promotion of cast iron stomachs.

Until we have cast iron stomachs we can never hope to enjoy peace of mind or to say nothing of a piece of meat.

Some persons are so impractical in their ideas of reform. What is the use of trying to eat if we are to be kept on tasterhooks for fear that we will take a bite or a swallow too much or too little into our systems, something inadvisable?

What this country demands is not only a full dinner pail, but a healthy stomach with which to digest its contents. Somebody is going to be elected

president on some such a platform as this some day.—St. Louis Post Dispatch.

Robbed the Grave.

A startling incident is narrated by John Oliver, of Philadelphia, as follows: "I was in an awful condition. My skin was almost yellow, eyes were sunken, tongue coated, pain continually in back and sides, no appetite, growing weaker day by day. Three physicians had given me up. Then I was advised to use Electric Bitters, to my great joy, the first bottle made a decided improvement. I continued their use for three weeks and am now a well man. I know they robbed the grave of another victim." No one should fail to try them. Only 50 cents, guaranteed, at H. F. Vorkamp's drug store, corner Main and North streets.

GOT 'EM SCARED.

Republicans Worried by Progress Johnson Is Making.

HANNA AGAIN RESORTS TO ABUSE

Democratic Nominee For Governor Has Addressed Nearly Two Hundred Thousand People in Ohio—Republican Side Opposed to Two-Cent Fare and Home Rule.

Mansfield, Oct. 19.—Without the beating of tom-toms, brass bands, red fire and the other circus features that characterize the Republican meetings throughout the state this fall, Tom L. Johnson addressed in this thriving city one of the largest crowds he has faced in this campaign. Enthusiastic! No crowd was ever more so. And yet the Republican managers, whose star spellbinders could not draw more than 200 people from their homes here two weeks ago, talk about carrying this Democratic county. When Mayor Johnson came into Highland last summer to make good his promise that he would defeat Farhart, one of the eight Democrats who betrayed their party in the last legislature by voting for the Cincinnati steal, every politician in the county, large and small, opposed him. But the people believed in him and the work of the politicians availed naught. The people of Highland are with him stronger now than they were then.

As the end of the campaign draws near the confidence among the Democratic cohorts grows in proportion with the increasing uneasiness of the Republican camp. Since the Democratic opening at Akron, Sept. 9, Mayor Johnson has spoken to nearly 200,000 people throughout Ohio, and that he makes votes wherever he goes, even his enemies are forced to admit. One who listens to Mayor Tom Johnson for the first time can see as plainly as the man who has heard him a hundred times his utter lack of self-consciousness and his earnest sincerity. It is that Johnson thoroughly believes the things he says that he persuades others to believe them. And that is why Tom Johnson is perhaps the only man in Ohio who could go about the state for weeks talking on four subjects—home rule, just taxation, two-cent railroad fare and Senator Hanna—without wearying the people who hear him and the readers of newspapers.

The Republican machine which has corrupted Ohio politics and betrayed the people into the hands of the corporations, the institutions that put up the enormous campaign funds for the Republican leaders—is doomed to destruction when the people are awakened to a realization of the condition of affairs Johnson is awakening them. The leaders are scared, and none more so than Senator Hanna who has even become a desperate calamity howler. He says that Johnson is a Socialist and an anarchist and that if Clarke should be elected to the senate a business blight would at once sweep over the entire country. In fear of such a thing the "captains of industry," he cries, have already begun to tremble in their boots, and all business is shaky. He explains that if he is returned to the senate all will be well forthwith. To the utterances of Hanna, Mr. Johnson has paid very little attention in his speeches, though he has had a great deal to say about Senator Hanna's public record, especially concerning his use of the power placed in his hands as United States Senator and as leader of the Republican party to help his own private pocketbook.

Of these things Mr. Hanna has not had anything to say. "Johnson is an anarchist and a Socialist, and if you defeat me the country will go to the howl-wows," is the only answer he makes. It is quite evident that Senator Hanna is not as well posted as a statesman ought to be, or he would know that Johnson could not be a "Socialist and an anarchist." Socialists believe that everything should be done by law, and the philosophy of anarchy is that there should be no law at all.

"If I am re-elected I will try to have passed a bill giving \$180,000,000 subsidy to the American ship trust, of which my friend Grisco is the head," is what Hanna promises.

"If a Democratic legislature is elected all the people of Ohio can ride on steam railroads in this state for two cents a mile before next April," Johnson replies.

"If the Republican ticket is defeated there will be a business panic," threatens Hanna, the recognized leader and defender of all the trusts and monopolies in the country.

"If the Democratic ticket is elected the railroads will be made to pay the \$3,000,000 of taxes they are now dodging and the people of Ohio will pay that much less than they are now paying," says a Johnson.

"Johnson is a demagogue and a fat fakir," shouts Hanna.

"As a private citizen Hanna is a good fellow," Johnson asserts.

And thus it goes on, threats and bulldozing and personal vilification on one side, and on the other fair speaking and quiet argument.

Hanna, Dick, Foraker and all the rest on the Republican side say the people of Ohio do not want two-cent fares on steam railroads because the people have so much money they would rather pay three cents. Republicans who are elected to the legislature will ride on horses and will vote against a two-cent bill.

GOT HIS HAIR BACK.

Was Perfectly Bald When He Started to Use Newbro's Hairdye.

Frederick Mannell, Maryland block, Butte, Montana, bought a bottle of Newbro's Hairdye, April 6, '99, and began to use it for entire baldness. The hair follicles in his scalp were not dead and in 20 days he had hair all over his head. On July 2 he writes "and today my hair is as thick and luxuriant as any one could wish." Newbro's Hairdye works on an old principle and with a new discovery—destroy the cause and you remove the effect. Herpicide destroys the germ that causes dandruff, falling hair, finally baldness, so that with the cause gone the effect cannot remain. Stops falling hair at once and a new growth starts. Sold by leading druggists. Send 10c. in stamps for sample to The Herpicide Co., Detroit, Mich. Wm. M. Melville, Special Agent.

GUILTY

Was the Plea of Two of the Penny-ante Players.

The penny-ante players who were arrested in the Keil block night before last pleaded guilty in mayor's court yesterday and were fined \$4.00 each. D. W. Ward, who was charged with running the game, waived examination and was bound over to the grand jury. He furnished bond for his appearance.

THIEF IDENTIFIED.

Honolulu, Oct. 22.—After nearly three months of detective work the man who, on the night of August 1, stole \$11,000 worth of jewels from Mrs. Samuel Parker, has been identified in the person of Benjamin Gallagher, a coachman in the employ of the Parkers. All of the stolen jewels have now been recovered. The missing gem is a blue diamond valued at \$4,500.

GOT HIS MONEY'S WORTH.

A lady palmet was recently prosecuted and an amusing incident is reported in connection with the case. One of the witnesses called by the police was an individual who did not appear to be overburdened with intelligence. During a smart cross examination defendant's counsel asked him:

On first going into the room, did you pay a shilling fee to the defendant?

Yes, was the reply.

What did she tell you in return for the money?

Oh, said the witness, she told me lots of things—some of 'em true some of 'em had true and some of 'em false.

"Now," continued the counsel, after the laughter had died away, this is the point I wish to get at. Was there any attempt at imposition? Did the lady impose upon you at all?

Oh dear no," was the response. I knowed it wor all gammon so there couldn't be no imposition. Besides it wor a bad shillin' as I gav her, to start with." —Tit-Bits.

Oh dear no," was the response. I knowed it wor all gammon so there couldn't be no imposition. Besides it wor a bad shillin' as I gav her, to start with." —Tit-Bits.

On first going into the room, did you pay a shilling fee to the defendant?

Yes, was the reply.

What did she tell you in return for the money?

Oh, said the witness, she told me lots of things—some of 'em true some of 'em had true and some of 'em false.

HOW "GENERAL JOE" SWINDLED.

As everybody knows General Joe Wheeler, former lieutenant general of the United States army (retired), and between times representative in Congress from Alabama, is a man of quality rather than quantity, and one seeing him can scarcely understand how so small a body has been able to fill so much space in the world's history of achievement.

One day during his congressional career two rural visitors were in the house gallery taking in the proceedings on the floor with great interest, and one of them observed the general flying about, as was his wont.

"Who's that little man down there in front talkin' to the big feller?" he asked of his companion.

"Dinged if I know," he replied, squinting his eyes in order to magnify the object of vision.

Some one sitting back of them ventured the information that it was General Wheeler, of Alabama.

"By gravy," said the first one, "I've heard that a feller might be a good deal of a man at home, but when he was elected to congress and come to Washington, he tell off some and wasn't much of a heavy weight, but I'll be dinged if I thought they'd dwindle away like that." —New York Times.

BLACK BLOT ON
HANNA'S ELECTION.
History Has Proved the Truth
of Bribery Charges.
Fourteen Members of the Legislature
Have Been Given Jobs Since They
Voted for the "Stand Patter"—How
the Members of the Unsavory Gang
Were Rewarded.
A bribe is a bribe, whether it is cash
in hand or the promise of a job. Cash
can be hidden, but you can't hide a
job. How Hanna's election to the sen-
ate in 1898 was made possible, may
be understood by the following fed-
eral appointments given members of
that legislature:
(a) Louis Voight, elected to the
legislature from Hamilton county, as a
Silver Republican on the Fusion
ticket, pledged to oppose the election
of Hanna to United States senate, ap-
pointed surveyor of the port of Cin-
cinnati, shortly after Hanna's election
to the senate, by Voight's vote.
(b) Henry J. May, Canton, pay-
master United States navy.
(c) J. J. Sullivan, United States
district attorney, Northern Ohio
(d) Martin Dodge, member United
States good roads commission.
(e) P. M. Ashford, Sabineville, O.,
United States attorney, Washington,
D. C.
(f) Chas. E. Bowman, auditor post-
office, Cleveland. (Position created
for him.)
(g) Evan H. Davis, United States
interior department
(h) C. W. Parker, lieutenant Unit-
ed States army.
(i) J. W. Hill, London, department
revenue collector.
(j) A. T. McCormack, Pomeroy, at-
torney to United States bank receiver,
Southern district of Ohio.
(k) John E. Griffith, appointed
clerk of the United States district
court of Arizona Territory, after he
had declared two days before Hanna's
election that he would never vote for
him under any circumstances.
(l) Josiah Allen, who also declared
that he would never vote for Hanna,
but who finally did so, receiving the
appointment of United States pension
agent at Columbus for his father-in-
law, J. W. Jones, and a place there for
himself at \$2,400.00 per year after the
close of the session.
(m) A. M. Griffith, consulsip in
Mexico
(n) Rufus W. Lane, also elected on
the Fusion ticket from Hamilton
county with Voight, as a Silver Re-
publican and opposed to Hanna, but
who finally voted for him and received
the appointment as United States con-
sul at Smyrna, Asia Minor.

DON'T LIKE THE ISSUES.
The Republican great men and can-
didates familiarly known as the
"Three H's" are greatly worried over
the fact that the Democrats have
placed before the people of the state
this year some new and exceedingly
live issues.
They are crying out in all their
speeches that the party is not "Jefferson-
sonian." Why should Hanna Herrick
and Harding be so much worried in
this respect? What do they care
whether the Democrats this year are
on the old lines or not? There is but
one answer to this question, and that
is, they are afraid of the new points
and they are determined to dodge
them if possible.
As a matter of fact the underlying
principles of Jeffersonian Democracy
are in all the issues raised by the
Democrats this year.
In Jefferson's day the steam railroad
or any other sort of a railroad was
never thought of. The questions of
taxation, as they have arisen under
the complex civilization in which we
live, had never been dreamed of.
Jefferson never thought of the new
order of things by which corporations
have grown up so as to menace the
government and present the alterna-
tive of either running the government
or having the government do some-
thing to manage them.
Jefferson was a believer in the peo-
ple. Does any one suppose for a min-
ute that there is anything un-Jefferson-
sonian in "home rule"? Why, that
proposition embodies the very idea on
which the Declaration of Independence
was written.
Did Thomas Jefferson ever go be-
fore the people and advocate unjust
taxation?
Does anyone suppose that Thomas
Jefferson would rest easy while the
same railroad is charging two cents a
mile in New York and Michigan and
charging three cents a mile in Ohio?
Is it un-Jeffersonian to demand that
railroads shall pay the same rate of
taxation as farms and homes are pay-
ing?
Does anyone suppose that Thomas
Jefferson would advocate the carrying
of passes by legislators and judges?
What is there in the Democratic
platform this year which is not Jef-
fersonian? Since the "Three H com-
bination" has raised the point that
the party is not Jeffersonian, let them
tell why not—if they can.

TEARFUL OR CHEERFUL? COSTLY ATTENDANCE
Whether a woman is tearful or cheer-
ful depends not on what she has un-
dergone, but on what she is physically. Merely
an indulgent husband is driven almost
to despair by the tearful outburst of a
wife who
"wants to
know
what's the
matter. But
the wife
can't tell.
She
knows that
she is de-
pressed and
dependent.
Such a
condition is
usually re-
lated to
some form
of womanly
disease. The mental depression has its
corresponding womanly weakness.
Doctor Pierce's Favorite Prescription
changes tearful women to cheerful women
by curing the diseases which cause phys-
ical weakness and depression of spirits.
It establishes regularity, dries unhealthy
drains, heals inflammation and ulceration,
and cures female weakness.
Mrs. Alice Adams, of Laboratory, Wash-
ington Co., Pa., says: "With many thanks I write
to let you know how I am. I can say by God's
help and your help I am well. I have taken six
bottles of Dr. Pierce's Favorite Prescription and
two of his 'Golden Medical Discovery' and I
can do all my work and feel as well as I
could so long as I live. If any one doubts this
give me my address."
"Favorite Prescription" makes weak
women strong and sick women well.
Accept no substitute for the medicine
which works wonders for weak
women.
Keep the bowels healthy by the
timely use of Doctor Pierce's Pleasant
Pillars.

"I—s sir," said the lady principal
of the college for girls; "we are proud
of the thorough athletic training we
give our students. We see that they
have every attention from competent
instructors, and develop their phys-
ique along with their intellect."
"Um, yes," observed the father
"You make them strong and lively,
do you?"
"That is one of our chief aims."
"Well do you think you could edu-
cate Lizzie here, so that in time she
will be strong enough to help her
mother do the dish washing when the
cook is on a strike?"—Judge.

THE STEAMSHIP CO.
To Nelson Brentwood, Dr.
Handling the captain five plates of
soup \$5.00
Other services as cabin boy 5.00
Loss of time 40.00
Total \$50.00
I began to quake. I'd carried off
some one, or, rather, some one had
got himself carried off to get up a law-
suit to bleed the company. However,
there would be no use now paying any
attention to the matter. I ignored it,
though I confess it bothered me.
Soon after we were docked I was
called on by the agent for a statement
covering the case of Mr. Brentwood. I
gave it and heard no more of the mat-
ter till the day before I sailed. Then
I received an envelope addressed to
Nelson Brentwood and a letter from
the agent asking me to sign the com-
munication in the envelope and for-
ward it with other inclosures. The in-
closures were an unrecipited bill of
Nelson Brentwood for handling him
five plates of soup at \$1,000 a plate
and a check for \$5,000. The communi-
cation was a humble apology for tak-
ing him to Europe against his will. I
signed the letter and dropped the pack-
age in the mail.

When I returned on the next trip I
got the explanation. Brentwood was
a graduate of — college and during
vacations had waited on table at sum-
mer hotels. He had studied law and
was a brilliant but unsteady man.
He had been employed in a case in
which he was the one man living so
well poised as to handle it success-
fully and was sure to win. The opposing
counsel had given him a snapper the
night before the trial, got him drunk
and shanghaied him, paying a large
bribe to some of the company's ser-
vants aboard my ship. The affair cost
the company \$45,000, besides my bill
for having a first class lawyer for a
walker.

BODY RACKING RHEUMATISM!
The Romoc Man says:
There is no need of suffering from rheumatic pains. There is no need of living a life of misery and fear. I admit that rheumatism is a dangerous foe; not only does it cause the most excruciating pains but as you well know it is the cause of rheumatism—strikes the heart the victim dies. Better Than Pills.
The question has been asked—In
what way are Chamberlain's Stomach
and Liver Tablets superior to the or-
dinary cathartic and liver pills. Our
answer is—They are easier and more
pleasant to take and their effect is so
gentle and so agreeable that one hard-
ly realizes that it is produced by a
medicine. Then they not only move
the bowels but improve the appetite
and aid digestion. For sale at 25

AD O. E. S.
Masonic Home Fund
A committee on behalf of which Mr. John Blythe is chairman submit in addition to their excellent financial statement the following which was favorably acted upon.
A committee recommend that an appropriation of \$10,000.00 be made to the Masonic Hospital Fund which will materially assist in the accumulation of this fund. This grant work of which we may well feel proud. With a low per capita tax and careful expenditure, our finances enable us to make this donation.
The judgment of this committee is

that it would be unwise to increase the per capita tax for any purpose. While it would work no harm to a large number of chapters, yet the majority of our chapters are small in membership and weak financially. And a great many are located in places where considerable opposition exists to our beloved order, so that any additional burden thus Grand Chapter may impose would be to the detriment of the order.
Your committee here desire to reiterate what it has formerly recommended. That this Grand Chapter meet annually in Columbus, O., as it will thereby save a large amount of expense in mileage. This recommendation is not made in the interest of Columbus or any one in Columbus, but simply as a matter of economy and convenience being centrally located, and with plenty of accommodations. There is no question but that it is a burden for any city to entertain this Grand Chapter. And from the standpoint of expenses it is wrong to place it upon the shoulders of the chapter that entertains the Grand Chapter. It need not be so in Columbus. We meet for the business of this Grand Chapter and to greet each other and to welcome with open arms our new representatives.

Your attention is only called to this matter in the interest of this Grand Chapter.
The committee also recommended that \$100 be appropriated from the supply department fund for the Masonic Home Fund.

Evening Session.
Last evening a brilliant assemblage of handsomely gowned women and gallant men filled the available seats upstairs and down in the Ohio hall to witness the working of several chapters. The west end of the hall was draped with the national colors and the center of the stage filled with an immense tree palm beneath whose branches were seats for the presiding officers and at either side and in front of them were palms effectively placed with ferns and white chrysanthemums. Interluding above all this scene of beauty were strands of tiny incandescents radiating from the center of the ceiling to the sides of the room. In the center of the room a long green garland of fern and lights was suspended and during the work, the Star in the East glowed with its various colors.

The Celina Chapter gave a most beautiful example of the secret work by presenting "The Lodge of Sorrow" in full regalia, with appropriate music. Miss Touville being the soloist who gave a most pleasing number. This was followed by the Grand Chapter in full regalia going through the initiation ceremonies, Miss Mabel Thrift and Miss Mabel Conner being the candidates. Then Trinity Chapter put on the floral work with excellent effect, their gowns and novel electrical torches eliciting the highest praise for their beauty. The ladies participating were most excellently drilled, and the mystic symbols of the order were cleverly executed with the aid of the electrical appliances and lights, and much applause was bestowed for each movement executed. The close was shortly after midnight.

A fitting finale was the presentation to the Memorial Hospital Fund, of a purse of one hundred dollars given by Trinity Chapter. Mr. Blythe receiving it with heartfelt thanks. He spoke of the growth of this fund as something to be very grateful for.
Trinity Chapter was ably assisted last evening in the initiation and floral work by a quartette from Ada, Mrs. I. O. Ream doing the solo work. The recitations by Miss Mabel Conner and Mrs. John Thompson Jr. were well rendered and just before the drill Mrs. Goomis of Jefferson O. sang an excellent number.
